ABOUT ME

Hardworking and enthusiastic University Student working towards a bachelor's degree in Computer Science. Last summer I secured an internship at Cybernetica, which later on transitioned into a permanent role.

WORK EXPERIENCE

Jun 2023 - Present
Cybernetica AS

Junior QA Engineer

- Performed quality inspections using Postman, Dbeaver etc. Drafted reports to detail non-conforming material issues.
- Used Linux command line to search and locate bugs in servers.
- Documented testing procedures for developers and future testing use.
- Designed and implemented Cypress automated test scripts for web applications, using TypeScrpt.

ACCOMPLISHMENTS

Best women's team in Telia Cyber Battle of Nordic-Baltics 2023.

LANGUAGE

Estonia

English

HOBBIES

- Cross-country skiing
- Spending time with my awesome pet
